Granville St.
Vancouver

NELSON ISLAND

an island 2 miles long, at mouth of Jervis Inlet, 60 miles northwest of Vancouver, served by Union S. S. Co.'s boats from Vancouver, via Sechart. There are three points of call on Nelson Island—Westmere, which is in Jervis Inlet, and Nelson Island Quarrie run by Vancouver Granite Co., and Hidden Bay. Mail delivered at all three points once a week.

Nelson Mountain, 10,000 feet high, lies west of Windermere, East Kootenay.

NELSON RANCH

a discontinued Dominion Government Telegraph office, 4 miles from Barriere, the post office.

Nelson River, or Fort Nelson River, 250 miles long, rises in the southeast of the Laird District, latitude 57, longitude 121, and flows northwest into the Laird River, south of latitude 60, longitude 124.

Nemo Creek, 6 miles long, runs into south of Slocan Lake.

Ne-Nah-Mai Lake, a branch of Seymour Inlet, running southwards. Neo Point, on the south side of Seymour Inlet.

Nepah Lagoon, in the Coast District, ½ mile north of Watson Island.

Nepean Sound, between south of Pitt Island and Estevan Island.

Nesaquach Creek, 6 miles long, runs into the Chilliwack River, 25 miles southeast of Chilliwack.

Nesto Island, 2 miles long, in the Queen Charlotte Group, west of Graham Island.

Nettle Island, 1½ miles long, in entrance to Barclay Sound, Vancouver Island.

NEW BELLA BELLA

an Indian village on Campbell Island, across the channel from Bella Bella, on Denny Island. There is a large hospital, under the direction of the Methodist church, a Methodist church and a public school located here. This is the second largest Indian village on the coast, having a population of about 325. For names see Bella Bella, the post office. Oliver Jas teacher Govt day school

B. W. LARGE MEMORIAL HOSPITAL

G. E. Darby, B.A., M.B., Medical Superintendent.

NEW BRIGHTON

a post office and settlement on Gambier Island, Howe Sound, 6 miles from Gibson's Landing, in North Vancouver Provincial Electoral District, 24 miles from Vancouver, from which point it is served by the Marine Nav. & Eng. Co.'s boat, making daily calls in summer and 4 calls per week in winter. Land averages \$25 per acre.

New Westminster

The City of New Westminster (population 18,000) is located on the North Bank of the Fraser River, about sixteen miles from the Gulf of Georgia, at the point where Lulu Island divides the river into its main channel and the North Arm. It embraces within its limits the northerly point of Lulu Island, a section known locally as Queensborough. By paved highway, Kingsway, the city is twelve miles from Vancouver. It is also connected with Vancouver by three interurban electric lines, operated by the British Columbia Electric Railway Company, and by three steam railways—the Canadian Pacific, Great Northern and Canadian National. To the south, the city is connected by the

Great Northern, running through Blaine on the boundary to Seattle; to the east, by C.P.R., C.N.R., and B.C.E.R., and by the latter line with the Northern Pacific Railway. Thus it has connection with the great transcontinental railway systems both of Canada and the United States, while by its ship channel of the Fraser River to the Gulf of Georgia, the city possesses unexcelled shipping facilities by water. The harbor of the City of New Westminster, formed by the widening of the river opposite the city, is the only fresh water tidal port on the Pacific Coast of Canada. It has safe and commodious anchorage (a depth of from 30 to 40 feet) at its civic owned wharves. At the wharves

of the manufacturing plants, which are located up and down the river from the city, vessels of large cargo-carrying capacity can load.

These transportation conditions are ideal for the successful operations of manufacturing industries, and numerous industrial plants have been drawn by these advantages to establish in the city and environs, so that New Westminster is recognized as an established industrial centre, the second in importance in the Province. The city offers for lease industrial sites of ample proportions, and sites can also be acquired from private owners on most favorable terms.

One of the great basic industries of British Columbia, the manufacture of lumber, finds its natural location on the Fraser River, in and around New Westminster, where there are numerous sawmills, shingle mills, and other plants engaged in the manufacture of lumber products. The list includes the plant of the Canadian Western Lumber Company at Fraser Mills, just outside the city's easterly limits, which has a capacity of 350,000 feet every ten hours. The fish canning industry also finds its natural location along the banks of the Fraser and numerous salmon canning plants are found from the city to Steveston, at the Sandheads, where the river enters the Gulf of Georgia.

In other lines the range of industrial activity is wide. There are over 80 industries, among which are brass works, box factories, cold storage houses, brick plants, distillery, brewery, grain elevators and milling plant, engineering works, iron foundry, machine shops, condenser and milk factories, wire factory, flax factory, furniture factory, creamery, tannery, railway car building, laminated materials plant, cigar factories, shipyards, telephone manufactory, meat packing and fruit canning, in addition to the lumber manufacturing and fish canning plants referred to in the preceding paragraph. There are several wholesale establishments in hardware and groceries.

Special commercial and industrial openings exist in many lines, particularly those needing rail and ocean transportation to all parts of the world. Electric power is amply provided by the city which buys direct from the Vancouver Power Company, and it is also supplied by the Western Canada Power Company. The civic water supply permits of the supplying of manufacturing plants with an unlimited supply at favorable special rates. There is a privately operated gas plant.

As the city is the market centre for the products of the Fraser Valley, there are many opportunities offering for an establishment of industries of the smaller class, which would utilize the agricultural products of this fertile agricultural region.

Trading in Fraser Valley agricultural products has its centre in the market, which is a civic operated New Westminster weekly farmers' institution, of proved benefit to the

economic activities of both the rural and urban communities of the Lower Mainland of British Columbia.

The City's close alliance with the agricultural interests of the Province is further evidenced by the fact that its annual agricultural exhibition is admittedly the most ambitious and most successful in British Columbia, and is recognized as the Provincial Exhibition.

The city has its free library, two hospitals, public and high schools, technical school, colleges, academy, 20 churches, two cathedrals, armory, several parks, three theatres, Dominion and Provincial Government offices, Mental Hospital, Penitentiary, Y. M. C. A. buildings, four firehalls, street car system, 12½ miles paved roads, 27 miles of macadam roads, six bank branches.

Prominent features—Railway and general traffic bridge across the Fraser River, built at a cost of one million dollars. Improved harbor front, giving enlarged wharfage facilities and a system of industrial tracks, costing half a million dollars. Lumber manufacturing plants, salmon canneries, Queens Park and Exhibition Grounds, picturesque Mental Hospital grounds, Simon Fraser monument in Crescent Park, Paved Pacific Highway to the south for six miles.

City Officers

Mayor—J. J. Johnston.

THE BRITISH COLUMBIAN PUBLICATIONS AND THE FRASER VALLEY

New Westminster is the oldest city on the mainland of British Columbia and is the second largest city.

THE BRITISH COLUMBIAN PUBLICATIONS are the oldest newspapers on the mainland of British Columbia and the second oldest in the province. They were established in 1860 and are 62 years old.

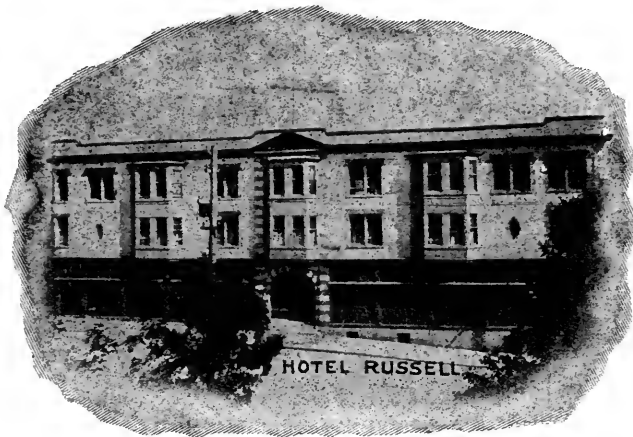

THE DAILY BRITISH COLUMBIAN is the only newspaper published in New Westminster. It dominates its own field.

New Westminster has a population of more than 15,000 people—about 2,800 families. THE DAILY BRITISH COLUMBIAN has a circulation of more than 2,800—a 100 per cent. circulation.

THE WEEKLY BRITISH COLUMBIAN has a practical monopoly of the Fraser Valley for a distance of sixty miles, comprising one of the most prosperous and progressive districts in Canada.

THE WEEKLY BRITISH COLUMBIAN is the ONLY newspaper that fully covers this territory. National advertisers who have used its columns almost unanimously report results. You can cover the Fraser Valley more thoroughly through THE WEEKLY BRITISH COLUMBIAN than you could by blanketing the same field with any other three newspapers.

NORTH PACIFIC

a salmon cannery on Skeena River and G. T. P. Ry., 13 miles east of Prince Rupert. See Directory listings under Inverness.

North Passage, an entrance to Ramsay Arm between northwest of Raza Island and the mainland.

North Pine River, 150 miles long, flows from the north of the Omineca district into the Peace River, near lat. 56, long. 120.

North Point, at the extreme north of the Queen Charlotte Islands.
 North Saanich, another name for Sidney, Vancouver Island.
 North Skeena Pass, on north side of the mouth of Skeena River.

NORTH STAR

a flag station on the C. P. R., 1 mile east of Cranbrook.

North Tacla Lake, see Tacla Lake.
 North Thompson River, 195 miles long, rises in the Cariboo district, east of Quesnel Lake, and flows south for 195 miles, joining the South Thompson River at Kamloops.

Northumberland Channel, between Gabriola Island and the east coast of Vancouver Island, 4 miles south-east of Nanaimo.

North Vancouver

The North Shore of Burrard Inlet is divided into three municipalities. This District of North Vancouver, which at one time embraced the whole area between the North Arm of the Inlet on the east and Howe Sound on the west, but is now restricted to the area outside of the city, bounded by the Capilano River on the west, and the North Arm on the east; the City of North Vancouver, embracing a central area of about 3,500 acres; and the District of West Vancouver, extending from the Capilano River on the east to Howe Sound on the west.

North Shore industries include the following: Wallace Shipyards Ltd., North Shore Shingles, Ltd., E. C. Walsh Lumber Co., Ltd., McNair Lumber and Shingles Ltd, Hobson & Hebson Shingle Mill, within the city; Vancouver Creosoting Works, Capilano Timber Co., Ltd., Robert Dollar Timber Co., Ltd., Vancouver Lumber Co., Ltd., Cedars, Ltd., Lynn Valley Lumber Co., Ltd., and the D. Bailey Mill Co., all in the District of North Vancouver; and the Vedder River Shingle Co, and the Askew Shingle Mill in the District of West Vancouver. There are excellent summer resorts at Woodlands, Deep Cove and other points on the North Arm and at many different points between Ambleside ferry landing on the east and Whitecliffe at the terminus of a local branch of the P. G. E. Railway on the west.

At present all transportation to outside points from these municipalities is by ferry boats. A ferry service is operated between the cities of Vancouver and North Vancouver,

owned by the latter city, and carries upwards of 3,000,000 passengers annually and a large number of vehicles of all kinds, loaded and unloaded. Efforts are now being put forth to have this service made a joint charge on all the municipalities interested and to reduce the ferry charges to a lower rate.

West Vancouver is connected with the North Vancouver ferry by means of the P. G. E. Railway, but the Municipal Council also operates a ferry service from Ambleside to Vancouver for passengers and freight, but not for vehicles. In 1920 they carried over 900,000 passengers. The eastern end of the North Vancouver District is served by ferry boats from Vancouver to different points on the North Arm. Strenuous efforts are now being put forth to have a large joint traffic and railway bridge erected at the Second Narrows. The carrying out of the work would at once open up thousands of acres of land admirably adapted for industrial sites, and about 20 miles of deep-water frontage suitable for docks and works of all kinds. Considerable benefit will be conferred by the installation of a car ferry to bring freight cars from the Government docks to connect with the P. G. E. Railway on the North Shore. Suitable barges and docks are now being constructed.

The Capilano Timber Co have constructed a railway up the side of Capilano River to give access to extensive timber limits there.

There are several well developed copper and zinc claims near the source of the Lynn Creek, and it is

DAVID SPENCER,
VANCOUVER, B. C.

claimed that very valuable iron deposits exist near the headwaters of the Seymour River.

The North Shore is famous for the number of beautiful mountains adjoining, including the Lions (6,500 ft), Mount Crown, (5,450 ft) and Grouse Mountain (4,500 ft).

The North Shore possesses a number of beautiful streams of the finest kind of water for domestic and industrial purposes. The principal of these are the Capilano and the Seymour rivers, both of which have been tapped to supply the City of Vancouver and its suburbs with water for all requirements, and the Lynn Creek, which is the source whence the City of North Vancouver takes its water service.

These streams are all great resorts for fishermen and in summer they are visited by many thousands of tourists from all parts of the world. Notable canyons are on all the streams, but certainly the most notable are those on Capilano River.

The population on the North Shore is approximately from 8,000 to 10,000.

ALEXANDER PHILLIP.

NOUCHALITZ

a steamer landing on Nouchalitz Inlet, which is on west side of Nootka Island, Alberni Provincial Electoral District, served by the C. P. R. west coast steamers from Victoria. Nootka is nearest post office.

Nugent Sound, a branch of Seymour Inlet, 13 miles in length.

Numakamis Bay, on the east of Barclay Sound, Vancouver Island, 6 miles northeast of Bamfield.

Numas Island, 1 1/2 miles long, in Queen Charlotte Sound, 16 miles east of Port Hardy.

No. 2 Creek, 16 miles long, runs into the Columbia River, 5 miles north of Wilmer.

No. 3 Creek, 17 miles long, tributary of No. 2 Creek.

Nutarvas River, 5 miles long, runs into Owekano Lake.

OAK BAY MUNICIPALITY

Incorporated as a municipality July 2, 1906. Area, 2,552 acres. Population, 6,000. The Municipality of Oak Bay is a district of beautiful homes, comprising the highest class residential district of the City of Victoria, immediately adjoining and forming the eastern suburb of that city. Occupying the most picturesque location of the territory embraced in Greater Victoria and extending on the east and south to the shores of Oak Bay and McNeill Bay, the development of a delightful residential section has been a matter of a very short time.

The municipality is served by various lines of the B. C. E. street railway system, giving fast and frequent service to all portions of the City of Victoria and surrounding district. The same company supplies electric light, heat and power throughout the municipality. The telephone system is a part of the city exchange of the B. C. Telephone Co.

A splendid system of public and high schools is maintained by the municipality, in addition to which numerous private schools are conducted here. The district also has several fine churches.

Public works of a very fine grade have been installed over the entire municipality, consisting of asphalt and macadam pavements, cement sidewalks, sewers, water works, boulevards and street lighting. Fire protection is afforded through an arrangement with the City of Victoria, and the district has a very efficient police department. The financial condition of the municipality is first class and the rate of taxation extremely low.

Municipal Officers

Reeve—S. J. Drake.

Clerk, Treas, Assessor and Collr.—O. W. Ross.

Auditor—J. S. Floyd.

Eng., Water Commr., and Purchasing Agent—R. Fowler, C.E., M.E.I.C.

Supt. Works—S. Gunter.

Magistrate and J. P.—Geo. Jay.

Chief of Police—John Syme.

Med. Health Officer—W. P. Walker, M.D.

OAKLANDS

a suburb on the northeast of Victoria.

OATESCOTT

a steamer landing on the Arrow
Lakes-Columbia River steamer ser-
vice of the C. P. R.

O'Brien Point, on south of Van-
couver Island, 2 miles south of East
Sooke.

Observation Point, 1 mile west of
Metlakatla.

OBSERVATORY

a station on the B. C. E. Ry. Inter-
urban Vancouver Island system, 7½
miles from Victoria. The Dominion
Government observatory is located
here, on Little Saanich Mountain,
and contains the largest telescope in
the world. Victoria is the post office.

Observatory Inlet, an inlet 50 miles
long, running northeast from latitude
55, longitude 130, and 60 miles north
of Prince Rupert. It has two arms,
Hastings Arm and Alice Arm.

Observatory Rock, on the south-
west coast of Vancouver Island, at
east side of entrance to Port San
Juan.

Obstruction Island, lies to the
north of Flores Island, on west coast
of Vancouver Island.

OCEAN FALLS

a post office and mill town on Cous-
ins Inlet, Dean Channel, 312 miles
from Vancouver, and about 205 from
Prince Rupert, the nearest bank,
reached by C. P. R., G. T. P. and
Union S. S. Co.'s boats between Van-
couver and Prince Rupert. The plant
of the Pacific Mills, Ltd., is located
here. Daily capacity 240 tons of
news print and miscellaneous wrap-
ping. Has office of Provincial Pol-
ice Constable, and Sub-Collector of
Customs, outpost of Prince Rupert,
hospital, public school, wireless tele-
graph station and telephone, Angli-
can, Methodist and R. C. churches.
Close by is Link Lake, 16 miles long,
where trout and game are abundant.
Deer, goat and bear frequent Cousins
Inlet, and salmon and halibut are
plentiful in summer. Population 2,-
000, of whom about 500 are Japanese.

Watkins Logging Co camp

Parker Creek, 3 miles long, a tributary of Nitinat River, Vancouver Island.

Parker Island, in the Gulf of Georgia, north of Mayne Island.

Parker's Creek, 11 miles long, runs into Baker Creek, a tributary of St. Mary's Creek.

Park Rill, 5 miles long, runs into the Okanagan River, 3 miles south of Dog Lake.

PARKSVILLE

a post office and station on the E. & N. Ry., at junction of lines to Alberni and Courtenay, 24 miles north-west of Nanaimo. Parksville is one of the older settlements on Vancouver Island, the first settlers coming by trail from Nanaimo about 45 years ago. It possesses a beautifully sheltered, sandy bay on the Straits of Georgia. Englishman's River and French Creek provide sport for the angler in season and there is also salmon fishing (fly) in the bay in the fall. Situated at the junction of the celebrated Canadian and Island auto highways, it makes an excellent centre for tourists. There is pleasing lack of disfiguring, blackened stumps, and green meadows and creeper-covered houses give the impression of an English village. The rainfall is unusually low, something under forty inches annually, owing presumably to the absence of high hills on the shore line. There is a daily train service, Government and C.P.R. telegraph, and full telephonic communication. Anglican and Presbyterian churches. Population 300, with over 2,000 in a radius of ten miles. Parksville boasts an up-to-date public school and a successful farmer's co-operative association. Local resources: Mixed farming and lumbering. An ideal residential district.

Peace River, is formed by the
junction of the Finlay and Parsnip
Rivers at Latitude 56, Longitude 124.
It flows east, crossing into Alberta
190 miles from its start. Near Lat-
itude 56, Longitude 118, it turns and
flows north, and then in Latitude 58,
Longitude 117, it changes to a north-
easterly direction and joins the Slave
River at Latitude 59, Longitude 112.
Total length, about 700 miles.

PEACHLAND

a post office and settlement on west
side of Okanagan Lake, 24 miles
north of Penticton, 59 south of Okana-
gan Landing and 15 south of Kel-
owna, in South Okanagan Provincial

PEMBERTON PORTAGE

Railway name on P. G. E., near Pemberton. See listings under Agerton.

PEMBERTONS

a settlement in the Cariboo district near Pritchard, which is on the main line of the C. P. R., 24 miles east of Kamloops.

PENDER HARBOUR

on west coast of Sechelt Peninsula, 54 miles northwest of Vancouver. Has R. C. mission served from Sechelt. See listings under Irvine's Landing, the post office.

PENDER ISLAND

is one of the Gulf Island group. Is beautifully situated, being sheltered from the cold winds, and has less snowfall in winter than almost any other part of B.C. Has a population of 240 with two good general stores, two post offices, Port Washington and Pender Island, 3 long distance telephone offices, Hope Bay, Brown Harbor and Port Washington. Has Anglican and Presbyterian churches and a good public school with two teachers. The principal industries are dairying, poultry, hogs, sheep and fruit raising.

Penticton

Amid beautiful and rugged mountain scenery, nestling snugly at the foot of the Okanagan Lake, there lies the attractive tourist city of Penticton. Like a gem in a desert cave, it lay hidden until the Coast Kootenay (Kettle Valley) Railway spanned the summits between Midway and Hope and placed it definitely on the map for all time to come.

This favorably situated city enjoys the distinction of having the finest fresh-water bathing beach in British Columbia. The beach is pure sand and free from gravel or pebbles and slopes gently with no treacherous holes, and children can bathe here in perfect safety. The Penticton Aquatic Club owns a fine building on this beach into which visitors can be introduced for a nominal charge.

Trout is found in Okanagan Lake and in a number of small lakes within easy reach of the town and the Black Bass is found in Vasseaux Lake and the Okanagan River to the south.

The balmy equable climate of the Southern Okanagan, the excellent motoring, the opportunity afforded for yachting and motor boating on the lake, coupled with the social and residential advantages which Penticton possesses, make it an ideal place for a holiday. Ample and comfortable accommodation for the visitor is afforded by the splendid

tourist hotel erected by the Canadian Pacific Railway (Kettle Valley Branch) on the lake front and by other good hotels and a number of private boarding houses.

Some of the finest orchards in British Columbia are found in the Penticton district and Penticton fruit has carried off premier honors at many of the leading fairs. The Penticton exhibit has captured first prize for the best district exhibit on a number of successive occasions at the Provincial Exhibition at New Westminster.

Penticton is a divisional point on the Kettle Valley Railway and the general offices of that road are located here as well as the machine shops and roundhouses. This point is only twelve hours ride from Vancouver via the magnificent Coquihalla Pass and the same distance from Nelson where connection is made with the Crow's Nest Branch, giving a through route to the prairies.

First class educational facilities are provided by two large public schools and a high school and there are eight churches and a public library. The office of the Provincial Government Agent, Assessor and Collector and the Mining Recorder for the Osoyoos Mining District are located in Penticton which is also a customs port.

A short distance to the south is situated the Southern Okanagan Irrigation Project of the Provincial

Government which will bring under cultivation some 20,000 acres of the finest fruit land. A large number of settlers are now located on this project and a branch line of the Kettle Valley Railway will be in operation by the Fall of 1922.

Penticton has a population of 4000. The irrigation system is municipally owned as is also the gravity domestic water system. The town is supplied with an unlimited amount of power from the Bonnington Falls hydro-electric plant and offers reasonable rates for manufacturing purposes.

By reason of its unique strategic situation Penticton is eminently suitable for the establishment of wholesale houses and will undoubtedly become one of the principal jobbing points of the interior in the near future.

Okanagan and Dom. Govt. local and long distance telephones, C. P. R. and Govt telegraphs Semi-weekly newspaper.

Further information regarding the Penticton district will be gladly furnished on application to

Perry's Creek, 8 miles long, runs into Spallumcheen River, east of Blue Springs.

PETAIN

a flag station on the K. V. Ry., 2 miles west of Hope, the post office, in Yale Provincial Electoral District. Has C. P. Telegraph office.

Pete Creek, 4 miles long, a tributary of Salmon River, West Kootenay.

Peterson Creek, 10 miles long, runs into the Thompson River at Kamloops.

PHELAN

a flag station on the G. T. P. Ry., 11 miles east of Prince Rupert, the post office, in Prince Rupert Provincial Electoral District. No residents.

Philadelphia Point, on the east side of the entrance to Wakeman Sound from Kingcome Inlet.

Philcox Island, one of the Walker Group, north of Vancouver Island.

Phillip Point, in Sutlej Channel, opposite northeast coast of Broughton Island.

Phillipa Creek, 5 miles long, runs into the northeast branch of Kettle River.

Phillips Arm, 6 miles long, in the Coast District, north of Thurlow

Island, 152 miles northwest of Vancouver.

Phillips Lake, 4 miles long, at the north end of Phillips Arm.

Phillips River, 20 miles long, runs into the north end of Phillips Arm.

Phipps Point, on the northwest of Hornby Island.

PHOENIX

in the Boundary District, 24 miles east of Grand Forks, and 6 from Greenwood. It is in the Grand Forks Provincial Electoral District. Once a thriving mining town, is now practically non-existent, there being no residents except one man acting as caretaker.

PICKEN

a station on the B. C. E. Ry., Saanich division, north of Victoria, midway to Deep Bay, in Saanich Provincial Electoral District. Marigold is the post office.

Pier Island, at entrance to Saanich Inlet, 4 miles north of Sidney, Vancouver Island.

Pierre Creek, 7 miles long, tributary of Coquihalla River.

Pigeons, a post on Dog Creek, Lillooet District, 90 miles north of Lillooet.

Pike Island, at the entrance to Venn Passage, Prince Rupert.

Pike River, 15 miles long, runs into south of Atlin Lake from Pike Lake.

PIKE RIVER

a settlement on Pike River, in Atlin District. Atlin is the post office.

Hennell Ed trapper

Pike's Lake, in the southwest of Saanich Peninsula, 2 miles north of Parson's Bridge.

Pilgrim Cove, on the east side of Esquimalt Harbor, Vancouver Island.

Pill Point, on southwest of Seddall Island, Barclay Sound.

Pilot Bay, on east side of Kootenay Lake, opposite the entrance to the West Arm of that lake, and 4 miles from Proctor. There is a steamer landing. Post office called Kootenay Bay.

PILOT BAY

a settlement on east shore of Kootenay Lake, 1 mile south of Kootenay Bay. See Kootenay Bay, the post office.

Pimainus Creek, 12 miles long, runs into the Thompson River, 4 miles north of Spence's Bridge.

Pimainus Hills, 5 miles east of Spence's Bridge.

PINANTAN

a post office, farming and stock raising settlement, 20 miles from Kamloops, from which point it is reached by stage, and distant 7 miles from Pritchard, on C. P. R., which is nearest railway. Has L. D. Telephone. Population 50. Local resources: Farming and stock raising. Land averages \$30 per acre. Good opportunity for a portable sawmill.

Pinkie Point, on North Thompson River at junction of Salmon Creek, 108 miles north of Kamloops.

Pinnacle Mountain, 12 miles south of Stephen.

Pin Rock, in the Outer Harbor, Victoria.

PIPERS

now know as Lozells.

Pipestem Inlet, a long narrow inlet 6 miles in length, running off the north side of Barclay Sound, Vancouver Island.

PITMAN

a station on the G. T. P. Ry., and Skeena River, 5 miles west of Pacific and 6 east of Usk, the post office, in Prince Rupert Provincial Electoral District.

Pitman River, 20 miles long, runs into the Stikine River, near its source.

Pitt Creek, 5 miles long, tributary of St. Mary's Creek.

Pitt Island, 60 miles long by 15 miles broad, lies 25 miles southwest of Port Essington and stretches south to Douglas Channel. It is south of latitude 54, longitude 130.

Pitt Lake, a tidal lake about 16 miles in length, lying about 20 miles northeast of New Westminster.

PITT MEADOWS

a post office, dairying and mixed farming district, lying between the Fraser and Pitt Rivers, on C. P. R., 22 miles east of Vancouver, and 5 east of Westminster Jct., in Dewdney Provincial Electoral District. Port Hammond, distant 2 miles, is the nearest telegraph point. Pitt Meadows is also reached by steamers on the Fraser River, and by jitney service from Vancouver. Has Anglican, Baptist, Presbyterian and Methodist churches and two schools. Population 425. The greater part of this municipality is dyked land, suitable for dairying and general farming, while the high land in the southern part is adapted for fruit and poultry. The dairy products, chiefly milk, yield about \$50,000 annually; field products about the same. A Government Experimental Station is maintained in the district.

PITT MEADOWS MUNICIPALITY

Reeve—W. J. Park, Pitt Meadows.
Clerk—W. McDermott, Pitt Meadows.

PITT RIVER

a flag station on the C. P. R., 2½ miles east of Westminster Junction. See listings under Port Coquitlam.

Pitt River, 13 miles long, runs from south end of Pitt Lake, into the Fraser River, 6 miles east of New Westminster.

Plain Creek, 4 miles long, flows into Fish River.

Plover Point, 5 miles south of Clayquot, Vancouver Island.

PLOWDEN BAY

(See names under Seaside Park.)

Plumbos Creek, 6 miles long, runs into the Kootenay River, 9 miles south of Wardner.

Plummer Bay, on the east side of Esquimalt Harbor, Vancouver Island.

Plummer Bay, on the west coast of Valdes Island, 12 miles north of Campbell River.

Plummer Channel, between north of Hunter Island and Campbell Island.

Plummer Cove, on the west of Keats Island, Howe Sound.

Plummer Island, in Koprino Harbor, Quatsino Sound, Vancouver Island.

Plummer Islands, 7 miles east of Alert Bay.

PLUMPER'S PASS

between north of Mayne Island and Galiano Island, Straits of Georgia.

Plummer Sound, between Mayne Island and Pender Island, Straits of Georgia.

Plunger Pass, on the west of Cortes Island.

Poeu Nook, in Numakamis Bay, on east of Barclay Sound, Vancouver Island.

POINT ATKINSON

a lighthouse at east side of entrance to Howe Sound, 8 miles from Vancouver. Address Whytecliff post office.

POINT COWAN

a small summer resort and post office on the southeast side of Bowen Island. Has Government wharf at which the Union S. S. Co.'s boats call. During the winter the postmaster is the only family here.

Petrie A postmaster

POINT GREY MUNICIPALITY

a rural municipality adjoining southwest boundary of Vancouver, and taking in the district lying between Burrard Inlet and the North Arm of Fraser River, and to the west of Cambie Street. Municipal office at Kerrisdale. See names under Kerrisdale and Vancouver.

Reeve—W. H. Lembke, Kerrisdale.
Clerk—Henry Floyd, Kerrisdale.
Postmaster—Robt. D. Watson.

Pointer Island, at south end of King Island.

Point No Point, on the southwest coast of Vancouver Island, 33 miles west of Victoria.

Poison Cove, 7 miles north of Roderick Island, in latitude 53, longitude 128.

Poison Creek, 10 miles long, tributary of Skull Creek, Kamloops District.

Poison Hill, 35 miles north of Kamloops.

Polkinghorne Island, 2 miles southwest of Broughton Island.

Polley's Lake, 5 miles long, 10 miles south of Quesnel Forks.

Ponfold Creek, 8 miles long, runs into the north arm of Quesnel Lake.

Pool Creek, 15 miles long, flows into Fish River near Camborne.

Pool Creek, 2 miles long, runs into Granite Creek, a tributary of Franklin River, Alberni.

POPE'S

a landing in the Comox district, reached by Union S.S. Co.'s boats from Vancouver.

Pope's Peak, 4 miles south of Stephen.

Popham Island, on the west side of entrance to Howe Sound.

POPKUM

a station on C. N. R., 11 miles east of Chilliwack, 4 miles east of Rosedale, and 7 west of Cheam View, in Yale Provincial Electoral District. Nearest telegraph is G. N. W., at Rosedale. Population 100. Local resources: Lumbering, pulverized lime and cement deposits.

PORCUPINE

a flag station on the C. P. R., 30 miles west of Castlegar, and 7 east of Paulsen, the post office, in Grand Forks Provincial Electoral District. The district produces telegraph poles and railway ties.

Porcupine Creek, 10 miles long, a tributary of the Wapita River.

Porcupine Creek, 9 miles long, a tributary of Salmon River, West Kootenay.

Porcupine Creek, a tributary of Quartz Creek, south of Beavermouth

Porcupine River, 35 miles long, runs into Stikine River at Lat. 57, Longitude 132 Cassiar District.

Porlier Pass, between north of Galliano Island and Valdes Island, Gulf of Georgia. A lighthouse station.

Porphory Creek, 6 miles long, tributary of Englishman's River, Vancouver Island.

PORPOISE BAY

an abandoned logging camp adjacent to Sechelt, the post office, at head of Inlet, in North Vancouver Provincial Electoral District. Sechelt is nearest telephone and telegraph office.

Porpoise Bay, at the south end of Sechelt Inlet.

Porpoise Island, 2 1-2 miles long at the south end of Kaien Island, 7 miles south of Prince Rupert.

Porpoise Lake, on the east end of Porpoise Island.

Portage Cove in Desolation Sound 13 miles northeast of Lund.

Portage Inlet, at the head of Victoria Arm, 4 miles west of Victoria.

PORTAGE ROAD

a station on the C. N. R. 3 miles from Victoria.

Port Alberni

is a city municipality, incorporated in 1912, on the west coast of Vancouver Island, at the head of the Alberni Canal. It has a population of 1,150, and is the western terminus of the Canadian Pacific Railway Island division, and is situated on an excellent deep-water harbor, some 42 miles from the open ocean. The Alberni Canal is a natural fiord from 2 to 5 miles wide and extremely deep. The city has one large sawmill, cutting 120,000 feet of lumber per day, operated by the Alberni Pacific Lumber Co., Ltd. There are also in the city a smaller sawmill, three shingle mills, three herring packing establishments and two small shipyards. There are two first class tourist hotels, adequate retail stores, two banks, moving picture theatre and garage. There are both a high school and a public school and four churches: Anglican, Methodist, Presbyterian and Roman Catholic, also a hospital. First-class water is available, the supply being taken from China Creek 7 miles distant. Electric light furnished by the city, and telephone service are also obtainable. Has C P and Government Telegraph offices. Has office of Sub-Collector

of Customs, outpost of Nanaimo. The city is a resort for motorists, being at the western end of the Canadian road system. Beautiful lakes and streams abound in the vicinity, and excellent fresh water fishing is obtainable. The city is attractively situated on a slope rising gradually from the water's edge with magnificent view of Mount Arrowsmith, the Beaufort Mountains, and snowcapped peaks at the head of the Alberni Valley. While the winters are wet, there is always a long dry summer and fall, and the mean annual temperature is over 47 degrees—zero temperature is practically unknown.

PORT MOODY

a town and post office located near the head of Burrard Inlet, 4 miles from New Westminster and 12 from Vancouver, on the main line of the C. P. R., in Dewdney Provincial Electoral District. Has two large sawmills and three shingle mills. The Union Oil Co's refinery is located around the point west of the town, and there is a steel rolling mill in the east end. The Imperial Oil Limited is located just across the Inlet. Electricity for both power and light purposes is furnished by the B. C. E. Ry. Co.; the B. C. Telephone Co.'s system connects with all local and outside points. Has excellent waterworks supply, which comes from Noon and Scott creeks, on the North Shore, and averages 100-pound pressure meter service. Manufacturing rates extremely low. Real estate assessed value \$1,516,230.00; debenture debt, \$123,000.00; local improvement debt, \$50,300.00; improvements exempt from taxation. Good school. Population, about 1,500. Local resources: Lumbering, oil and some farming.

Powell Island, 6 miles northwest of Lund.

Powell Lake, a lake 40 miles in length in the northwest of the New Westminster district, and 12 miles southeast of Lund.

Powell Mountain, 6,266 feet high, on the east side of Bute Inlet, near the entrance.

Powell River, 1 mile long, runs from south end of Powell Lake into Straits of Georgia.

POWELL RIVER

The town of Powell River is situated 80 miles north of Vancouver, on the mainland, in the Comox Prov. Elec. Dist. Population 2,000. Served by the G. T. P., U. S. S. and C. P. R. boats with a daily service from Vancouver, via Union S. S. Co. The town is situated at the foot of Powell Lake, which is 35 miles in length and 4 to 5 miles wide and is noted for trout fishing and good hunting; bear, deer and goat. This lake is noted for sport and people travel from all parts of the U. S. to hunt and fish on it. Powell River is one of the most beautiful spots on the Coast of British Columbia, and is found a lovely place to spend a vacation. Has telegraph office, Government and Powell River Co. wharves, Presbyterian and R. C. churches. Has provincial Police House and Jail and sub-collector of Customs, outpost of Vancouver. One of the biggest paper mills on the coast is located at Powell River, with an output of 225 tons of newsprint per day. The company manufactures their own chemicals, electric power and own their own tugs, scows, and stores, etc. There is a hospital, hotel, drug store, 2 banks, 3 dry goods stores, shoe store, 2 poolrooms, 2 bakeries and a creamery. There is a bowling green and tennis court.

The City of Prince George is the largest and most important point in Central British Columbia. It is a passenger and freight divisional point on the Canadian National Railway, mid-way between Prince Rupert and Edmonton, and at the junction of the Fraser and Nechaco Rivers. It is served also by steamer in summer and stage during winter from Ashcroft, via the Cariboo Road. It is the outfitting and distributing centre for the extensive Agricultural, Mining, Lumbering and Fur interests in Central British Columbia, distribution shipments being made North, South, East and West. Is in the Fort George Provincial Electoral District. Has office of Peace River District Registrar of the County Court, Royal Canadian Mounted Police Detachment, Canadian National Telegraph and local Telephone system. The city was incorporated in 1915. Electric Light Plant and

umbia, including the vast undeveloped Peace River section of the Province.

The Pacific Great Eastern Railway, which will connect the North country with the cities of the Pacific coast, is now being built towards Prince George from the South by the British Columbia Government. It is fully expected it will be completed to Prince George this year.

"The last Great West" may be accurately applied to the Fort George District. Within its boundaries is confined the largest and most fertile area of virgin agricultural land and timbered stretches remaining in Western Canada.

Roughly stated, the Southern boundary of the Fort George district lies about 70 miles south of the City of Prince George; its Western boundary about 100 miles; on the East is the Alberta boundary and to the North is included the en-

ILLUSTRATIVE OF PRINCE GEORGE'S LUMBER RESOURCES

Water System are owned by the City. Extensive civic improvements are being added yearly. Prince George has three churches, each with a resident minister, and excellent educational advantages, including high school. Also Free Library, three first class theatres, baseball and football grounds, tennis court and curling rink. A large covered-in skating rink is in course of preparation and a company has been incorporated named The Prince George Rink Ltd. The building is expected to be completed for the 1922-23 winter season. Branches of the Bank of Montreal, Royal Bank of Canada and the Canadian Bank of Commerce occupy their own fine premises. Every line of mercantile business is represented. Prince George has a number of first-class hotels and is particularly proud of its leading hostelry, the Alexandra Hotel, the most modern and best equipped institution of its kind in the Province outside of the Coast cities.

Due to its unrivalled location at the confluence of two great rivers, and as the divisional point of two railway systems, Prince George must become the distributing centre for the whole of Central British Col-

ture Peace River country lying within the province of British Columbia.

The Nechaco Valley, lying immediately west of Prince George, is the oldest farming settlement in Central British Columbia. Here are found fine farms of several hundred acres of varied products. The district is ideally adapted for mixed farming and a Government Creamery has been established at Vanderhoof.

The amount of merchantable timber contiguous to the Fraser River, east of Prince George, is estimated at about twenty-five billion feet and consists of Douglas fir, spruce, balsam, cedar, hemlock and cottonwood.

There are eighteen sawmills located between Prince George and McBride, a distance of 146 miles. The capacity of these mills ranges from 15,000 feet to 150,000 feet per day.

The Fort George district has within its confines more pulp material than any other area in the Northwest, and is adjacent to some of the finest water power sites for pulp and sawmills to be found in British Columbia, all within convenient distance of the Fraser River and the Canadian National Railway. An Eastern Syndicate is now complet-

ing arrangements for the erection of a Pulp and Paper Mill in close proximity to Prince George, building operations on which are expected to commence this year.

Big game hunters of international repute say that in no other part of the American Continent is game so plentiful and hunting conditions more ideal than in the section of British Columbia North and East of Prince George. Here are to be found the grizzly bear, the moose, the caribou, mountain sheep and mountain goat. The population of Prince George is 3,000.

Local Resources: Farming, Stock-raising, Lumbering, Mining, Hunting and Fur Trading.

Prince of Wales Reach, the southern portion of Jervis Inlet.

Prince Rupert

is the Pacific terminus of the Grand Trunk Pacific Railway, situated 550 miles north of Vancouver, and 40 miles south of the Alaskan boundary. It is in the same latitude as Liverpool England, and has a climate, the mean temperature of which is about the same as the great shipping port on the Mersey. It is 500 miles nearer the Orient than any other port on the Pacific coast, and is two days nearer the Yukon and Alaska than any other Pacific Coast city.

It has the offices of Provincial Government Agent, Assessor and Collector, Gold Commissioner and Mining Recorder, Skeena and Bella Coola Mining Divisions, and Commissioner Skeena Land Recording District, Land Registrar Prince Rupert Dis-

trict matriculation. A new public school costing \$214,000 has just been completed, consisting of three stories with twelve class rooms, and quarters for Domestic Science, manual training, and kindergarten, the structure is of brick and tile with cement foundations, and has accommodation for 550 scholars, with an assembly hall capable of seating 350 persons.

A Provincial Government Court House is nearing completion, costing in the vicinity of \$150,000. This building is a handsome addition to the City, built of reinforced concrete, with tapestry brick veneer, and stone trim, the inside finishing is of marble and mahogany panelling.

Having a tri-weekly service of

trict, District Engineer, Public Works Department, Agent Dominion Department of Indian Affairs Skeena and Naas Districts, Deputy Collector Inland Revenue (Canada) and Collector of Customs and Inspector of Dominion Income Taxes office of the Prince Rupert district, Registrar of the Supreme and County Courts, and Provincial Chief Constable, R. C. M. P. Detachment and Radio Telegraph station.

Has five public schools and High School where pupils may take Commercial Course and first year in

fast through passenger trains from the Atlantic Coast, alternating with fast through freight service, it is the controlling factor in the Canadian-Yukon and Canadian-Alaska trade, as it will be also for the Orient trade in the near future.

Preparatory to this the Railway company, in conjunction with the Dominion Government, have completed and are now operating the largest floating dry-dock in America covering 22 acres, at a cost of \$3,000,000; as well as laying out terminal facilities, and trackage accom-

modation, at a cost of \$2,750,000. There is also located at this point one of the most modern shipbuilding plants on the Pacific Coast where two ships of 8,800 tons each were launched during 1921.

A Federal Government ocean dock has just been completed having a water frontage of 860 feet, and a width of 173 feet. On this is now under construction a building 820 feet long by 146 feet, with a capacity of storing 350,000 cases of salmon or 22,000 tons of merchandise. This building is to be equipped with a suspended office, and two five ton electric gantry cranes, and will be when finished one of the most up-to-date freight sheds on the Pacific Coast.

A Railway Station is now under construction built of brick and tile with a covered way from street to station. Plans have also been prepared for larger roundhouses and workshops.

The Dominion Government have also purchased land, and excavated a site for a post office, to cost \$250,000, and an armoury to cost \$150,000, land for which was given them by the city. They have also erected a quarantine and marine station with concrete dock which cost over \$175,000.

non-productive, amounting to \$346,927.35. Only \$70,000 of the above debt is on the sinking fund plan, and the sinking fund covering this portion is intact. The amount at credit of this account at December 31, 1921 was \$44,644.77 which is \$5,923.86 in excess of the amount required. It will be readily seen therefore, that the expenditure by the city is extremely small when compared with outside interests, yet the amount spent has enabled it to keep pace with other developments, as well as provide cheap light, water and telephones. The water supply is by gravity and 1,650 horsepower of electric current is generated. At the same time the water supply is estimated to take care of a population of from 50 to 60 thousand people, and another power site has been secured nearby which will generate a further 10,000 horsepower for electrical supply when necessary.

The townsite contains 2,240 acres divided into 11,610 lots. The total estimated land valuation for 1921, \$10,927,608.

Prince Rupert is one of three municipalities in B. C. which show a surplus in sinking funds.

Building permits show a substantial increase the total for 1921 being

PORTION OF WATERFRONT, PRINCE RUPERT

The Imperial Oil Company have also leased from the G. T. P. Ry. Co. 8½ acres of land, upon which have been erected oil storage tanks, which cost \$200,000, and are now operating all oil shipments from the wells to Prince Rupert, thence by rail to the east. The Provincial Government have erected a concrete wharf at a cost of \$270,000, which they are now operating.

The city has spent in development \$765,000 in permanently grading the whole of the business section; it has established its own light, telephone and water systems at a cost of \$680,000, which are operated as public utilities. These are self-supporting with the exception of part of the water system, which was only completed in 1915. Part of these charges were raised by special rate.

The revenue will provide for these interest and redemption charges, making the whole of these utilities self-supporting. The total actual in indebtedness of the city is \$1,878,485.03 out of which \$772,440.44 are local improvements, \$759,117.24 public utilities debentures, and the remainder

\$620,833.00 as against \$405,189.00 for the year 1920.

Prince Rupert's main industries are fishing, lumbering, and mining. She is the northern centre for these three trades, which are rapidly increasing in importance. Fish-curing plants, cold storage plants, ice making works, boat-building etc., are other lines followed. The fishing industry has had a remarkable growth, due to the fact that the strategic position of Prince Rupert makes the port the natural one of entry for fish products to the eastern markets, where quickness of delivery and short routes are important points. The amount of fish landed in Prince Rupert during the year 1921, amounted to: Halibut, 24,750,500 lbs; salmon, 24,787,000 lbs; herring, 3,571,000 lbs.

Recreations: Shooting, fishing, yachting, basketball, football, baseball, and tennis clubs.

Industrial sites are available at fair rentals on the waterfront, with cheap power, light, water, etc., supplied by the municipal plants. Labor is plentiful, and wages reasonable. Population, 1921 census 6,300.

PRINCESS CREEK

a steamer landing on Kootenay Lake,
reached by C. P. R. Nelson-Kaslo
route steamers. Has B. C. Tele-
phone.

Princess Louise Inlet, 5 miles long,
branches off from Queen's Reach,
Jervis Inlet.

Princess Royal Island, a large is-
land, 68 miles long, and 30 miles at
its widest point, lying in latitude 53,
longitude 129, and about 130 miles
north of Vancouver Island.

Princess Royal Reach, the central
portion of Jervis Inlet.

PRINCETON

an important mining town lying
2,000 feet above sea level at the
junction of the Similkameen and
Tulameen rivers, 73 miles west of
Penticton, 47 west of Keremeos and
75 south of Merritt, in Similkameen
Provincial Electoral District, and
Yale Land Registry District (Kam-
loops). It is the centre of a coal
basin of approximately 16 square
miles, with five workable seams,
ranging from 7 to 16 ft. The coal is
semi-bituminous and excellent for
domestic purposes. Is served by C.
P. R. Kettle Valley Line, and is the
terminus of the Spokane-Princeton
branch of the G. N. Ry. Has electric
light, water, and local and long dis-
tance Government telephones. Has
Anglican, Presbyterian and Catholic
churches, and public schools. Popu-
lation 1,000. Local resources: Coal,
gold, platinum mining and ranching.

QUESNEL FORKS

a post office and settlement at junction of North and South Forks of Quesnel River, 56 miles northeast of 50-Mile House, 180 miles north of Ashcroft, and 147 north of Clinton, in Cariboo Provincial Electoral District, reached by stage. Has office of Sub-Recorder Quesnel Mining Division, and Dominion Government Telegraph. This is the gateway to Quesnel Lake (100 miles long), Clearwater and Cariboo Lakes and famous Swamp River Meadows, and is the outfitting point for a district which has produced millions of dollars in gold. Outside of a few families, residents are Chinese fur trappers. Local resources: Mining and ranching. Opportunities open to prospectors, hydraulic miners, dredge operators, etc. Gold quartz in abundance.

Quesnel Lake, 65 miles long, a large lake of irregular shape, in the south of the Cariboo district. It divides into two long arms, the North, 20 miles in length, and the East Arm, 36 miles.

Quesnel River, 72 miles long, formed by the junction of the North Fork, which flows from Cariboo Lake, and the South Fork, which flows from Quesnel Lake. It flows north into the Fraser River at Quesnel.

QUICK

a flag station on the G. T. P. Ry., 18 miles southeast of Smithers, and 9 miles southeast of Telkwa, the post office, nearest telegraph office and banking centre, in Omineca Provincial Electoral District. Local resources: Farming and tie making. This country is well adapted to small fruits, dairying, hay farming, etc. Improved land averages \$60 per acre, unimproved from \$5 to \$20. For names see Telkwa.

QUIET COVE

a landing on Limestone Island in Quatsino Sound, Vancouver Island, on route of C. P. R. West Coast steamers. The Island contains about 8,000 acres of good soil well watered and easily cleared and is centrally located in Quatsino Sound. There is a subdivision of 123 acres in 2½ acre lots, suitable for gardening and chicken ranches on the south side of the Island. Over 300 fruit trees in bearing besides all other small fruits. The winters are very mild. The Quatsino Manufacturing and Developing Co. Ltd. intends building a sawmill and installing a planer and other necessary machinery and building a wharf, store and dry kiln, lime kiln, boat building, scows and also manufacturing a special polish. This company is capitalized at \$100,000 and intends extending the works considerably before the close of the year.

Retreat Passage, between Benwick Island and the west of Gilford Island.

Revelstoke

with a population of 4,350 lies in the beautiful Columbia River Valley, surrounded by lofty and picturesque mountains, some clothed with trees and verdure to their very peaks, others crowned with rugged and rocky spires or glistening glaciers. Situated on the main line of the C. P. R., 379 miles from Vancouver, and 267 miles from Calgary, it is also the gateway of the Kootenay and Arrow Lake Districts—now famous as fruit-growing centres. Surrounded by vast areas of timber her lumber industries are second to none in the Province. With the completion of the Auto Scenic Road to the top of Mt. Revelstoke, the beautiful River Road Driveway, extended 17 miles, and the new road west connecting with the Okanagan Valley, the lover of horse or auto can enjoy himself to the full. Revelstoke National Park has an area of 100 square miles. The Automobile road is completed for ten miles to an elevation of 3700 ft. and planned to 16 miles, an elevation of 7000 feet.

Has offices of Provincial Government Agent, Assessor and Collector. Land Commissioner, Revelstoke Land Recording District, Provincial Police Constable, Gold Commissioner Revelstoke Mining Division, Deputy Collector Inland Revenue (Canada), Collector of Customs, Revelstoke District Registrar of the Supreme and County Courts and Quesnel District County Court. Has public and high schools.

Investments.

The 20,000 square miles of mineral lands tributary to Revelstoke probably contain as much mineral wealth as any similar section on the American continent, and its natural advantages for economical mining are surpassed by none. The principal minerals are gold, silver, lead, chromium, tungsten, molybdenum, aluminum, barium, mercury, arsenic, talc, antimony, sulphur, lime, etc. There are rich placers, high-silver-lead ores near the surface, grade gold ores and high-grade which the prospector can work himself, large medium to low-grade veins of gold, copper, silver-lead and zinc ores, and mica, marble and cement clay, etc., for the capitalist; and a great field for the metallurgist and the scientist. The high mountains with their tunnel sites, the abundance of large timber for

lumber, charcoal and other mining purposes; great water power at or near every mine, assuring electricity for power, light and smelting numerous navigable lakes and streams, together with the good roads policy and the liberal mining laws of the Provincial Government, form a combination which the trained mining man and the careful investor cannot afford to overlook.

Manufactures.

Revelstoke owns its own water, light and power systems. Since electric light and power are developed from water power it can offer very cheap rates on these commodities to any manufacturers who will settle here. There are openings at present for pulp and paper factories, tannery, machine shop, foundry, smelter, brickyard, fruit and vegetable cannery, sugar beet factory and flour mill.

Sport.

Among the numerous species of game to be found within easy reach are the grizzly bear, mountain goat, caribou, deer, geese, duck, grouse, while the many mountain streams teem with the numerous varieties of trout and other fish.

Revelstoke is the home of skiing, snowshoeing, tobogganing, skating, curling, and having a moderate temperature in winter, all outdoor sports can be thoroughly enjoyed.

Our premier winter sport is Skiing. Revelstoke boasts of the finest ski hill on the North American Continent, where all the world's records, both professional and amateur, were broken. Henry Hall, of Detroit, made a world's record "Professional Jump" of 229 feet; Nels Nelson, of Revelstoke, made a world's record "Amateur Jump" of 201 feet, while Gordon Hooley, of Revelstoke, broke the boys' world record by jumping 135 feet. Ivand Nelson, in senior boys' class, jumped 170 feet.

Attractions.

To the Alpine climber there are plenty of unconquered snow-clad peaks that offer all the difficulties and dangers of the Swiss Alps. To those who wish to get a glimpse of the rugged grandeur of this sea of mountains, without the danger, there is an auto road which affords this pleasure, or the mountain trail either for foot or on horseback.

Arrow Lakes—27 miles south of Revelstoke the Columbia River loses

COLORTYPERS

its identity in a chain of lakes. The C.P.R. from Revelstoke connects at Arrowhead with a palatial line of steamers, which lands the tourist in Robson in 10 hours. Arrow Lake has been likened to Lake Geneva. There are sheer, rocky cliffs, the heavily timbered slopes, the fertile valleys with orchards and homes of the settlers dotted here and there.

Dutchman Caves — Three hours east of Revelstoke on the C. P. R. one can visit these wonderful caves with their subterranean passages, their country-worn arches, their large chambers whose walls have been worn smooth by the rush of waters as they tore their way into the heart of the mountains. Seven miles from the Caves is the Big Glacier on the C. P. R. A palatial hotel accommodates the tourists who flock from every part of the world to take in the grandeur of the scenery of this summer resort. Swiss guides are ready to show parties the best trails and the best views. Splendid roads and trails have been made and a week here during the hot summer months will never be forgotten.

Halycon Hot Springs and Hotel—Noted for its marvellous cures in cases of rheumatism.

Automobile Tourists

A new auto road from the Okanagan Valley to Revelstoke gives connection with the States and the Pacific Coast, opens up some forty miles of valley with numerous lakes and streams teeming with trout, while a holiday spent around the city and Revelstoke National Park satisfies the traveller that here is found a wealth of scenery second to none.

Other points of great scenic beauty are Silver Tip Falls, Begbie Falls, Jordan Falls, Columbia River Canyon, Illicillewaet Box Canyon, Williamsons Lake and Five Mile Lake.

Resources—Lumber

This district contains approximately 26,000,000,000 feet of lumber to the north of Revelstoke and 4,000,000,000 feet to the south of the Arrow Lakes composed of red cedar, pine, fir, hemlock, cottonwood and spruce.

Minerals

There are three distinct mineral zones parallel to each other and running southeast and northwest from Revelstoke, containing probably more mineral wealth than any other area on the North American Continent. Some \$300,000.00 has been spent in investigating ore bodies and of which many are very promising. The principal minerals, are gold, copper, zinc, talc, serpentine asbestos, mica and marble, while practically every known mineral has been discovered. In the sixties \$2,000,000.00 worth of placer gold was carried out of the Big Bend in two years alone. The mountains with water power available everywhere, their excellent tunnel sites and abundance of mining timber will attract the mining man as roads are extended into the mining areas, for the surface of this vast district with its heavy timbered mountains is as yet barely scratched by the pick of the prospector, who has here a vast field worthy of attention.

Land

The fertile valleys require no irrigation and offer splendid opportunities for dairying, fruit growing, mixed farming, chicken ranching, market gardening. Small fruits of all kinds grow to perfection. The following will give some idea of what the land in this district can produce per acre.

Small fruits	\$800 to \$1,000
Clover & timothy hay.	3 1/2 to 4 tons
Potatoes	7 to 13 tons
Carrots	20 to 40 tons
Cabbage	10 to 15 tons
Corn	20 to 40 tons
Peas and oats	17 to 20 tons

The Canadian Pacific, when collecting samples of timothy, found that this district excelled all others and took several hundred bunches for exhibition in their kiosks and offices throughout the world. Government lands may be homesteaded or purchased from the Dominion Government, and improved land from \$75 to \$200 per acre.

Water Power and Factory Sites

The city of Revelstoke holds a franchise for water, light and power covering a radius of ten miles from the city, and found, in surveying the water power, that approximately 200,000 horsepower is available at a very low cost. The present hydro-electric plant is supplying heat, light and power at a very low rate. Large users can purchase at less than 1/2 c per kwt., heat at less than 2c.

Factory sites with railway trackage can be purchased at attractive prices, while the C. P. R. main line affords ready access to the markets of the world, thus making Revelstoke with its vast resources the logical location for smelters, pulp and paper factories and kindred industries.

Rossland

an incorporated city on the C. P. R.
Nelson-Rossland line, 54 miles south-
west of Nelson, and 6 miles west
of Trail. It is 9 miles north of the
International Boundary, and capital
of Rossland Provincial Electoral
District. Office of Provincial Govt.
Agent, Assessor and Collector, Gold
Commissioner and Mining Recorder
Trail Mining Division, Rossland Dis-
trict Registrar of the Supreme and
County Courts, Deputy Collector In-
land Revenue (Canada) and Collector
of Customs. The copper and gold
mines in the vicinity, of which the
Le Roi Centre Star Group, owned
by C. M. & S. Co., is the principal,
are among the richest in the country.
Sixty per cent of the lode gold pro-
duction of Canada comes from the
Rossland District. The city is pro-
vided with all modern conveniences,
waterworks, electric light and power,
B. C. Telephone exchange with long
distance connections, public and high
schools, etc. Local resources: Min-
ing, lumbering and small fruits.
Population 2,000.

Rough Bay, on the south of Malcolm Island.

Rough Creek, 7 miles long, runs into the Fraser River 24 miles north of Lytton.

Round Island, 2 miles west of the south end of Texada Island.

Round Tent Lake, 3 miles long, in Cariboo District, 20 miles south of Quesnel Forks.

Round Island, in west channel of Barclay Sound, Vancouver Island.

Rover Creek, 8 miles long, a tributary on the south bank of Kootenay River, 10 miles west of Nelson.

ROWLINGS

a station on the B. C. E. Lulu Island line, New Westminster branch, 6.9 miles from New Westminster and 3.4 miles from Marpole. On North Arm of Fraser River, foot of Nanaimo St., in South Vancouver.

ROY

a post office and logging district 1 mile from Grasse Bay and 146 from Vancouver, in Comox Provincial Electoral District, on Union S. S. Co.'s route. Nearest telephone at Grassey Bay. Has coast mission cruiser "Columbia" services, on call. Local resources: Logging and farming. There is considerable arable land up in the Inlet which could be taken up if surveyed, especially on the Apple River at the head of Loughborough Inlet, where there is a valley, one-half to 3 miles wide, black loam silt, not a pebble on it, some of which is beaver meadow land, that would all make the finest kind of farming land—mountain range cutting off the north wind in winter. An ideal place when developed.

Salmon Arm

a city on the southern, or Salmon Arm of Shuswap Lake, on the C. P. R., 313 miles east of Vancouver, in the Kamloops Provincial Electoral District. It is the distributing point for the extensive ranching, mixed farming and fruit and berry-growing districts up the Shuswap Lake and Seymour Arm and river, and through highly developed fruit-growing districts at Sorrento and Salmon Arm to the south and west. Salmon Arm is the centre of the finest non-irrigated fruit-growing and general farming district in Central British Columbia. Between 120,000 and 150,000 boxes of Wealthy, McIntosh, Spy, Delicious and other apples are shipped annually, the total turnover for 1919 amounted to close on half a million dollars. The district obtained first medal and first prize for district fruit exhibit at New Westminster, 1912; gold medal district diploma award for the finest District Exhibit of apples at the Canada Land and Apple Show, Winnipeg, 1913; 16 prizes at Lethbridge Dry Farming Congress, 1912; 61 prizes for fruit at the New Westminster Fall Fair, being 6 ones, 8 twos and 4 threes in the box exhibit, and 19 ones, 19 twos and 5 threes in the plate exhibits, in 1920. Salmon Arm fruit always takes the high-class prizes wherever shown at the Imperial Fruit Show, Crystal Palace, London, England, Nov. 1921. Salmon Arm fruit was awarded nine prizes including four gold medals and three silver medals.

The creamery, run on co-operative basis, made 216,000 pounds of butter in 1921, and at the three fall fairs in 1920 captured two gold medals and three championship medals for its product, and is the champion creamery of the province today, shipping the highest priced butter in the world.

The climate is exceptionally fine, and the location of the city on the main line of the C.P.R. overlooking the Salmon Arm of the Shuswap Lake (altitude 1,150 feet) is very desirable. The variety of soils from clay and clay loam to sandy loam and black loam are very fertile and suited to any class of farming desired either on the bench, for fruit, or in the rich bottom-lands for mixed farming or dairying. The average annual rainfall is 25½ inches. Has high and public schools, a frost-proof storage and Farmers' Exchange that markets all produce grown in the district, cold storage plant suited for meat or fruit, holding, cider plant, spray manufacturing plant, tennis clubs and other sporting societies, curling and skating rinks; 5 churches, Anglican, Presbyterian, Methodist, Roman Catholic and Baptist. Local resources: Fruit-growing, small fruits, strawberries, loganberries and raspberries, tree fruits, apples, pears, cherries and

plums; dairying; general farming, hay, poultry and mixed, bee-keeping and lumbering. Population, 800.

A MAIN LINE SERVICE

secured by advertising in the

Salmon Arm Observer

Established 1907

The Observer serves a large and exclusive territory all its own and covers the ground thoroughly. As an advertising medium there is none better throughout the Okanagan and Cariboo Districts. It goes regularly every week into the homes of the very people advertisers wish to reach. An assured increase in their yearly turn-over is obtained by all advertisers in the Salmon Arm Observer. A trial will convince you of this fact. Write for rate card.

SALMON ARM MUNICIPALITY

Reeve—F. E. Wilcox, Salmon Arm.
Clerk—J. E. Lacey, Salmon Arm.

Salmon Arm, a branch of Sechelt Inlet, running east 14 miles.

Salmon Arm, a branch of Frederick Sound, in Seymour Inlet.

Salmon Bay, opposite the north-east corner of Dowager Island.

Salmon Bay, on the north side of Toby Inlet.

Salmon Channel, between Broughton Island and Malcolm Island.

Salmon Cove, on the west side of Observatory Inlet.

Salmon Creek, 9 miles long, flows into the northeast arm of Upper Arrow Lake.

Salmon Creek, 8 miles long, a tributary on the right bank of the Columbia River, 40 miles north of Revelstoke.

Salmon Creek, 13 miles long, runs into north branch of North Thompson River, 108 miles north of Kamloops.

SALMON HOUSE

a post on the Dean or Salmon River, at junction of Takia River, 48 miles northeast of Bella Coola.

Salmon Lake, 2 miles long, at the source of the Salmon River, southwest of Shuswap Lake.

SALMON RIVER

a ranching settlement on the Salmon River, in the Sayward Land District, Comox Provincial Electoral District, northeast coast of Vancouver Island. Salmon River is 32 miles long and empties into Johnson Strait at Port Kusam, served by Union S. S. Co.'s boats from Vancouver. See names under Sayward.

Salmon River, 35 miles long, flows into the Pend d'Oreille River, 12 miles east of Waneta, West Kootenay District.

Salmon River, 110 miles long, runs into the Fraser River, 16 miles north of Fort George, Cariboo District.

Salmon River, 53 miles long, flows northeast into Salmon Arm of Shuswap Lake, Kamloops District.

Salmon River, 17 miles long, runs into Columbia River, 11 miles south of Galena.

Salmon River, 10 miles long, runs into the Fraser River, 3 miles south of Keefer.

Salmon River, 140 miles long, see Dean River.

SALT SPRING ISLAND

a post office on Salt Spring Island (formerly known as Admiral Island), the largest of the islands in the Gulf of Georgia, situated about midway between Vancouver City, Victoria and Nanaimo. The island is about 23 miles in length, with an average width of 6 miles, the south end being 2 miles north of Saanich Peninsula and the north end 6 miles east of Chemainus. Other post offices on the island are Ganges, South Salt Spring and Beaver Point, while Salt Spring post office is the central settlement, being 2 miles north of Ganges, the chief centre. There are six steamer landings and C. P. R. steamboat accommodation six days per week, connecting the island with Vancouver, Victoria, Nanaimo and Sidney and with Mayne, Pender, Galiano and Saturna Islands. Game, such as grouse, pheasants, ducks and deer, are very plentiful, and trout of an excellent quality. Population 800. Chief resources: Poultry raising, mixed farming, dairying and fruit growing.

a P.O., farming settlement and sta-
tion on the B. C. E. R., in Saanich
Provincial Electoral District, 2 miles
from Keating, and 11 north of Vic-
toria, with which it is connected by
the West Saanich Road. Has school.
The waterfront is fast becoming popu-
lar as a summer resort for Vic-
toria and other points.

SMITH'S LANDING

a steamer landing on the west side of Howe Sound, 3 miles north of Gibson's Landing, and 5 from Port Mellon, in North Vancouver Provincial Electoral District, served by Marine Express boats from Vancouver, distant 21 miles. Has Government wharf and excellent beach. Land in the vicinity is suitable for poultry raising and gardening. Mail served from Vancouver post office.

SMITH'S RANCH

a Dominion Government Long Distance Telephone office, 48 miles from Kamloops, the business centre, and 2 from Chinook Cove, the post office. Smith J J ranching and tel agent

Smithers

Smithers is a town incorporated under the "Village Incorporation Act," situated on the G. T. P. Ry., (C.N.R.) 226 miles east of Prince Rupert. Is the railway administrative centre with offices of the Asst. Superintendent, and is also freight and passenger divisional point, with round-house and repair shops all located at this point. The station building is the largest and finest west of Edmonton.

The town has a post office, Government and railway telegraph; Govt. telephone system, express offices, and is the administrative and judicial centre for Omineca District, with offices of the Government Agent, Provincial Department of Public Works, Stipendiary Magistrate and Small Debts Court, Supreme and County Court registries, Bills of Sale registry, Gold Commissioner and Mining Recorder for Omineca Mining Division; headquarters of the Provincial Police for the District, Land Recording office for the Hazelton Land Recording Division, Assessor and Collector of Provincial Taxes, Water Recorder, Official Administrator, Registrar of Births, Deaths and Marriages, Coroner, Health Officer and Registrar of Voters, Assayer.

The town is well supplied with hotels and rooming houses, and affords the best hotel accommodation procurable between Prince Rupert and Prince George. It has Anglican, Union and R. C. churches, a well-built, roomy school, taking high school students, as well as public school, and the Bulkley Valley District Hospital, a fully equipped and efficiently staffed institution for the

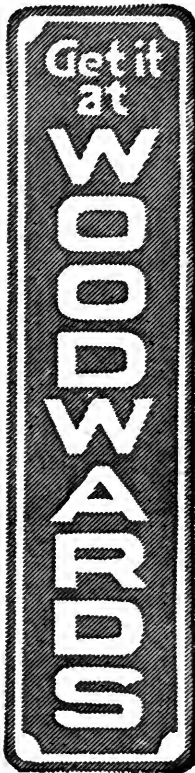

treatment of all cases, both medical and surgical. There is a large hall in the town, which contains one of the finest dancing floors in the country, where entertainments and dances are frequently held, while in this hall moving pictures are shown twice a week. Smithers has its branch of the Masonic fraternity, Odd Fellows and Kebekeh Lodges, all holding regular meetings.

The business places include a weekly newspaper and print shop, 3 general stores, 2 butchers, 1 cold storage plant, 2 barbers, 1 shoe shop, 2 pool rooms, 2 general agents, 5 restaurants, 1 jewellery store, 1 bakery, Union Bank, electric supply shop, 1 millinery, 1 hardware, 1 garage, 1 drug store, 1 public stenographer, 1 blacksmith, lumber yard, 2 livery (auto and horse) and transfer stables, 2 laundries, bath house, electric light and power plant, 2 tailors, 3 contractors.

Local organizations include a progressive Citizens Association, Miners and Prospectors Association, Farmers Institute, Bulkley Valley Agricultural and Industrial Association, who each year hold a fair at Smithers. All sports, baseball, football, tennis, ice hockey, etc., are controlled and financed by Smithers Athletic Association.

Smithers is the business centre of the rich and fertile Bulkley Valley, which contains many fine farms, and to which settlers are coming from all parts of the country. While in the past hay has been the chief product of the valley, still more and more farmers are going in for mixed farming for which the nature of the soil and the climate are ideal.

SMITHERS

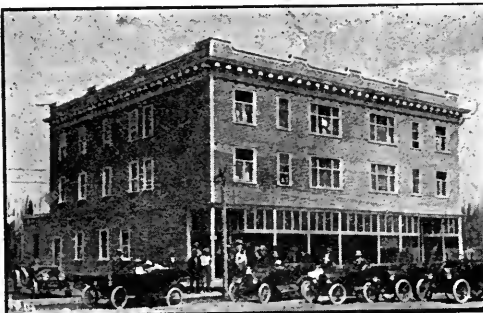

BRITISH COLUMBIA

With the coming of increased facilities for marketing their produce, we see a profitable future for our farmers.

The mountain ranges flanking the valley are rich in mineral, chiefly silver, lead and copper ore, though as yet the country has been but scratched for minerals, and the further prospecting of the country is bound to produce many rich veins of ore. There are many claims staked on which development work is being done, and we are in hopes that capital will be forthcoming in the near future to open up these properties on a large scale. There are also large fields of coal in this vicinity, which will in due course be opened up and shipping to all parts of the country.

There are large stands of merchantable timber close to Smithers and during the winter months many thousands of ties are taken out.

Three miles from town lies the pretty Lake Kathlyn, over which towers the magnificent Hudson's Bay mountain and the glacier. This lake is rapidly becoming a summer resort, and several cottages are now in course of erection, with promise of more in the near future.

Improved farm land can be purchased in this locality for \$25.00 per acre, while wild land ranges from \$4.00 to \$5.00 per acre.

Population of Smithers is approximately 850.

W. S. SEUNY,
President Citizens' Assn.

Stanley Brook, runs into Naden Harbour, Graham Island.

STANWELL

a station on the Carson-Lynch Creek branch of the K. V. Ry., 19 miles from Carson, in the Yale District.

STAPLEBY

a fishing settlement on west coast of Vancouver Island, 3 miles from Ucluelet, at head of Ucluelet Inlet, in Alberni Provincial Electoral District, served by C. P. R. west coast steamers from Victoria. Nearest railway and banking centre is at Port Alberni, 48 miles. Has rural telephone and Dominion Government Telegraph at Ucluelet, which is also the nearest post office. Anglican and Presbyterian churches.

Staples Inlet, in Queen Charlotte Sound, 16 miles east of Port Hardy.
 Staples Island, in Ucluelet Arm of Barclay Sound, Vancouver Island.
 Staples Island, one of the Walker Group, north of Vancouver Island.

STARKS

a flag station on the E. & N. Ry. 3 miles south of Nanaimo and 70 north of Victoria. See Chase River, the post office.

Starlight Reefs, at entrance to Western Channel of Barclay Sound, Vancouver Island.

Statloo Creek, 20 miles long, runs into Harrison River, 3 miles north of Harrison Mills Station.

Statloo Lake, 3 miles long, at the head of Statloo Creek.

Staubert Creek, 5 miles long, a tributary of Salmon Creek, Upper Arrow Lake.

STAVE FALLS

a post office and power developing plant, 5¼ miles from Ruskin, on the C. P. R., from which point it is connected by B. C. E. Ry. Is in Mission Municipality and Dewdney Provincial Electoral District. The B. C. Electric Ry. Co. Ltd., now own and control the power plant at Stave Falls, also most of the land in the Stave River Valley, which was lately acquired. When all the machinery is installed at Stave Falls it will produce approximately 60,000 h.p. of electric current this coming summer. At the canyon in Stave River fully 3 miles below Stave Falls, an installation is planned to generate another 60,000 h.p. or more, by the water from the lakes and glaciers tributary to Stave River. When all this work is completed, a beautiful lake will be formed between the two developments and the district will become famous. The main public highway, known as the Dewdney Trunk Road, which has been for a long time on the B. C. Government maps, ought to be an accomplished fact as soon as possible. Its survey crosses the Stave River at the canyon, near where the dam for the lower development will be, and, when built will become the most frequented and the most picturesque highway in the Fraser Valley, also giving splendid transportation for settlers along its route. The lake and the beautiful scenery will attract visitors from many places because boating, fishing and hunting can be had within easy reach by motor car from Vancouver city. Has Anglican mission and public school. Population, fluctuating from 100 to 300.

STEPHEN

a station on C. P. R. main line, on Alberta boundary. Has C. P. R. Telegraph office. Stephen is near the top of Kicking Horse grade; a small lake in front of the station is "the head" of Kicking Horse River. A small stream called Cataract Creek enters the lake at the east end. Cataract Valley is one of the most beautiful valleys in British Columbia, at the very summit of the Rockies, and leads to lake O'Hara, 7 miles south of Hector, and Lake McArthur, 12 miles, reached by pony trail. Ponies and guides for this trip may be had from Brewster Transport Co., at a new C. P. R. tourist resort at Wapta Lake, near Stephen, within the Yoho National Park. A great many tourists visit these lakes each summer. It is at Lake O'Hara that the Alpine Club of Canada have their permanent camp, where mattresses, stoves and dishes are available to visitors. The famous spiral tunnels, in which trains make a complete turn inside of Mt. Cathedral and again in Mt. Ogden, are just 3 miles west of Hector. Address mail via Field post office.

 Sterling Arm, a branch of the east end of Sproat Lake, Vancouver Island.
 Sterling Creek, 6 miles long, runs into the Similkameen River, 3 miles west of Hedley.
 Stevens Creek, 5 miles long, runs into the Cariboo Lake, West Kootenay.
 Stevens Passage, lies to the west of Lasqueti Island, Straits of Georgia.

STEVESTON

a town and post office situated at the mouth of the Fraser River, on the southwest of Lulu Island, Richmond Municipality. Is 15 miles south of Vancouver and 17 southwest of New Westminster. It is connected with Vancouver and New Westminster by B. C. E. R., and has excellent auto roads. It is headquarters of the Fraser River Canneries. Has office of Sub-Collector of Customs, outpost of New Westminster, and has 3 public schools, and four churches, Anglican, Methodist, R. C. and Presbyterian. Population, including many Japanese, 1,100. The surrounding district is excellent for dairying and for vegetable crops. Has R. C. mission.

SUMAS JUNCTION

a junction on C. N. R., 5 miles west of Chilliwack, near Sardis, in Chilliwack Provincial Electoral District. No residents.

Sumas Lake, a lake of a round shape about 5 miles across, lying 2 miles south of Sumas post office. Sumas Mountain, lies southwest of Sumas post office.

SUMAS MUNICIPALITY

area 46 square miles, principally a dairying and cattle district, with some berry ranches. A dyking project for reclamation of 30,000 acres is under way by Provincial Government. Possesses the best and most extensive fire-clay deposits on the Pacific Coast, operated by the Kilgard Mfg. Co. and Clayburn Co., manufacturers of fire-brick, etc. Population, 600. Post offices, Huntingdon and Abbotsford.

Municipal CouncilReeve—J. F. Cook.
Clerk—C. St. G. Yarwood

Sumas River, runs from Sumas Lake into the Fraser River.

SUMMERLAND

a post office and town on Okanagan Lake 10 miles north of Penticton, 55 miles south of Okanagan Landing and 1½ miles east of West Summerland which is on the C. P. R. Kettle Valley Line, in South Okanagan Provincial Electoral District. Owns its irrigation and domestic water plants. The telephone system, which is a very fine one, is owned by a local company. It has Dominion Government, daily steamer and express service. Methodist church and consolidated schools. The rural municipality of Summerland comprises about 12,000 acres and is a large producer of soft fruits and vegetables seeking an early market, and apples. The Experimental Farm is situated at the southern boundary. Mixed farming can be carried on successfully a few miles back, while lumbering is now being carried on largely for the production of box shooks. The climate is excellent—dry, clear and sunny. Good fishing and shooting. Population of municipality, 2,500. See also West Summerland.

Hazelton in Omineca Provincial Electoral District. Telkwa lies approximately in the centre of Bulkley Valley and is the business centre and supply point for the surrounding stock raising, hay and grain district. There are over 5,000 head of cattle and horses in the valley, and a cattle sale, barbecue and race meeting is held on Labor Day every year. Adjacent to Telkwa are some of the richest coal deposits in the province. The Telkwa Collieries, Ltd., mines are within 4 miles of town, and other mines containing copper and gold are being operated. Has office of Provincial Police, Soldier and Land Settlement Boards (area No. 1 comprising 15,000 acres), and Sub-Recorder Omineca Mining Division. G. T. P. and Dominion Government telegraphs and public school. Population of district 700, and of town 200

Terease Point, on the north side of Kingcome Inlet.
Teresa Island, 20 miles long, in Atlin Lake.

Terrace

a post office and station on the G. T.P. Centre of the Lakelse, Kitsumkelum and Skeena River Valleys, in the Prince Rupert Provincial Electoral District, 95 miles east of Prince Rupert. Town has 4 general stores, Bank of Montreal, hardware, drug-gist, blacksmith shop, hotel, restaurant, laundry, mill, barber shop, pool room, newspaper, woodwork factory, station agent, Dominion Government Telegraph, Catholic, Presbyterian and Anglican churches, three-room graded school. Population, about 400. Chief natural product is lumber, ten mills being located in vicinity of town and one in town. Mining prospects are of the best and silver, lead and gold properties were bonded in 1920. Oil deposits of high class have been located and drilling is now in operation. The Kitsumkelum Valley extends 30 miles north, comprising 250,000 acres, and Lake-else Valley extends 40 miles south to Kitimat Arm and comprises about 400,000 acres. Six miles south is situated on Lakelse Lake, the celebrated Lithia Water Hot Springs, having a temperature of 187 degrees when the water comes out. A \$200,000 hotel will be built for tourist trade. Approximately ten billion ft. of timber is available in these two valleys. Terrace climate is ideal, lowest temperature being around 10 below zero, with the summer warm and night comfortably cool; absence of summer frosts. Elevation here is slightly over 200 feet above sea level. Farm products are chiefly strawberries, tree and small fruits, beans, potatoes, celery and vegetables. Clover grows abundantly. Excellent trout fishing on Lakelse Lake with bear and goat hunting in the hills.

UPPER TROUT CREEK

a flag station on the Kettle Valley Ry., 5 miles west of Summerland and 4 south of Mineola. See listings under Summerland.

Upton Point, on the west side of entrance to Wakeman Sound from Kingcome Inlet.

Upwood Point, at the south end of Texada Island.

URLING

a station on the G. T. P. Ry., 44 miles west of McBride, and 8 west of Loos, the post office, in Fort George Provincial Electoral District. Section crew only.

Dolly T sec foreman

Ursula Channel, between east of Gribbell Island and the mainland.

Useless Inlet, on the northeast of Barclay Sound, Vancouver Island, at the north side of the entrance to Alberni Canal.

USK

a post office and town on the G. T. P. R., 107 miles east of Prince Rupert and on the Skeena River, in Prince Rupert Provincial Electoral District. It is the distributing point for an extensive mining and prospecting district. Has Government Telegraph, office of Sub-Recorder Omineca Mining Division, Anglican Church, public school and Government ferry. Local resources: Mining and timber. Population, 200.

The Usk District lies in the Cordillerian Belt, the same mineral belt as Southeastern Alaska, Portland Canal, Granby and Alice Arm, with similar characteristics of mineral deposition. This indicates a future field of great potentiality.

The district immediately surrounding Usk has well-defined geological areas of certain individual minerals. At this point along a great fractured zone, granodiorites, diorites and porphyries have intruded the sediments and given rise to intensive mineralization, in which gold predominates, copper in the dioritic rocks is associated, and in the granodiorites the gold has silver associated in arsenical pyrites. Close to Usk are "Lucky Luke," "Emma," "4 Ace,"

"Old Hickory," "Tulon," "Hazel," "Bornite King" and "Continental" groups of mineral claims.

At a point further east—18 miles—a belt of andesite, intricately fissured by porphyries, greenstone and trachytes, exists, where copper predominates, carrying a small quantity of gold, with large percentage of silver in the grey copper ores. Chalcocite is in excess of the bornite or chalcopyrite. The ore exists in dykes and replacements in the fissured zones. In this area there are located 50 mineral claims, the principal groups being "Wells," "Peerless," "Lowrie," "Montana," "Copper King," "Northwest" and "Large."

The Kitselas Mountain Copper Co., Ltd., operating the Cordillera group, have installed a milling plant with a capacity of 30 tons per day. The property is situated one mile below Usk and about 1,000 feet from the railway track, and has access to station by wagon road.

Kleanza Company, Ltd., incorporated to operate general mining, milling and power, are at present developing the "Golden Crown," "Kleanza" and "Valhalla" groups of mineral claims, situated on Kleanza Mountain, 3 miles southeast of Usk, and connected by wagon road and the Skeena River, which is crossed by Government ferry. A dam at the first canyon of Kleanza River is being built for the purpose of hydro-electric generation to run the mining and milling plants. The sawmill in this connection has a capacity of 60,000 feet per day.

The forest around Usk District is prolific in its timber resources.

ENGLISH BAY, ONE OF FIVE BATHING BEACHES

Vancouver is situated on the Gulf of Georgia and on the north arm of the Fraser River. It was incorporated in 1886, but was almost completely destroyed by fire in the same year, so that the city is actually only 36 years old. In that time it has become the fourth city of Canada, an industrial centre and an important railway terminus. This is the result of the development of Vancouver's natural resources, a more general knowledge abroad of the city's attractions, and the increased transportation facilities by land and water.

Vancouver is Canada's most important Pacific port. It commands the Western Canadian route to Russia, the Orient, Australia and New Zealand. It is in immediate touch with the grain fields of Western Canada and, via the Panama Canal, affords the shortest route for shipments to Europe, South America and Mexico. During the past season approximately six million bushels of grain have been through Vancouver to the United Kingdom and the Orient, via the Panama Canal. 528,000 bushels was the total amount shipped during the 1920-21 season. Vancouver possesses one of the finest natural harbors in the world—open for shipping throughout the year—having more than 23 miles of water-frontage and over 20 miles of deep water anchorage. The equipment of the harbor for handling shipping of all kinds is being steadily increased. The C. P. R. is now building a pier of concrete and steel, double-decked and equipped

with all modern freight-handling devices which will cost between two and three million dollars when completed. Within recent years the Dominion Government has built one of the best equipped wharves on the Pacific Coast and erected a terminal grain elevator with a storage capacity of 1,250,000 bushels. Shipping is consequently increasing, and as conditions improve the amount of tonnage entering the port will no doubt be doubled. In 1921 the gross tonnage amounted to 9,916,748 tons.

Vancouver is the western terminus of the C. P. and the C. N. Railways, as well as the G. N. and N. P. The C. M. & St. P., the U. P., the K. V. and P. G. E. Railways also operate here.

Vancouver is served by 39 steamship lines and is a large export point. The value of the imports into Vancouver in 1921 was \$197,406,832, and the exports \$83,270,048. The Canadian National Railways have steamship service to the Orient and Australia similar to that of the C. P. R. The Pacific S. S. Co. plans to enlarge its service in order to undertake more extensive Oriental trade and to include trans-Pacific passenger traffic. The Royal Mail Steam Packet Company have offices and have a regular freight service from the Pacific Coast to Europe.

Vancouver proves her right to be called the commercial centre of B. C., for a glance at the business statistics during the past year exemplifies this. The bank clearings, customs returns, building permits, postal returns and the assay office

returns for 1921 aggregate a total of \$728,013,882.

Of the fifty-three banks in Vancouver, \$708,205,932 is the amount of their clearings for 1921. There are 675 factories here, employing 18,733 workers and having a total production of \$87,786,041. There are 350 firms in the city, with an annual payroll of approximately \$12,000,000. One of our largest industries is shipbuilding which, during the war, employed about 5,000 men, and on which many millions of dollars were spent in ship construction.

Industries.

Other industries employing thousands of people, include lumbering, mining, fishing, foundries, sugar refiners, flour milling, printing and publishing, food products, clothing, paper and pulp, and wholesales. Among the factories which have been built recently are, a tire and rubber plant, glass factory, brick factory, two wire rope factories, automobile accessory plant, and further development is anticipated within the next few months. Vancouver is making rapid strides toward becoming a city of factories.

A large area of reclaimed land—Granville Island, a few blocks from the retail business district of Vancouver—is providing excellent sites for many industries. These sites are served with trackage wharfage, electric power, water, lighting, gas and sewers. They may be leased for 66 years at rates varying from \$500 to \$1,500 per acre per year. Other sites equally as desirable may be secured on Burrard Inlet and in the suburbs.

The City of Vancouver exempts from taxation the machinery of factories and levies a rate of 50 per cent of the assessed value of improvements. Some of the suburban municipalities levy no tax whatever on improvements, merely on the value of the land.

There are many opportunities in Vancouver for manufacturers along special lines, such as mineral smelters and refineries, lumber and fish products, woollen mills, rubber factory, machinery, clothing, chemicals and canneries. Iron, coal and other minerals, building material and timber are available in large quantities and a great many of the raw mater-

ials from other parts of the Province and from all the countries bordering on the Pacific, can be brought in very cheaply by boat; also, raw materials and partly manufactured goods from the Atlantic, via the Panama Canal. For a number of raw materials, no point in Canada is so favorably situated as Vancouver.

Within a few miles of the city, 100,000 horsepower may be generated from waterfalls; 200,000 horsepower is now available as electrical energy. In addition to the power already developed, there are many locations in the districts surrounding Vancouver where factories may develop their own electric power right at the source of their raw material.

The city controls its water system, which is supplied from mountain streams. The present daily supply is 36,000,000 gallons, with an additional 40,000,000 gallons in the city reservoir and a total of 100,000,000 gallons available. The water of Vancouver is almost chemically pure and this fact is of great advantage to a number of manufacturers. Further, the city gives a very low rate to manufacturers.

Mecca of Tourists.

Vancouver is gradually becoming a Mecca of tourists, for the climate is without extremes either of heat or cold, and is as temperate as that of England. This moderate temperature is caused chiefly by the protecting mountains, together with the breezes blowing from the ocean and warmed by the Japan current. So uniform is the general temperature that outdoor work can be carried on the year round. Blizzards are unknown, as they are deflected to the country east of the Rockies. In summer our weather is almost ideal, as the temperature rarely rises above 90 degrees, with a breeze generally stirring and with cool, refreshing nights.

The population of Greater Vancouver is 220,000; without the suburbs, 130,000. Vancouver has 61 miles of paved streets, 211 miles of concrete walks, 196 miles of sewers and 318 miles of water mains. It is served with 109 miles of street car tracks and these connect with 156 miles of interurban railway.

223 Winch Bldg. Vancouver

Every phase of community life finds in Vancouver its best expression. We are justly proud of our churches and schools, the latter being modern in every respect, with the best obtainable staffs of teachers. The Provincial Normal School and the University of British Columbia are two of the city's great educational institutions.

Vancouver is well policed and has one of the best fire brigades in America. It is one of the healthiest cities on the continent, the death rate per thousand of the population being less than half that of many Eastern Canadian and American cities.

Stanley Park.

The City of Vancouver has received a full share of scenic as well as climatic blessings. Within an easy walking distance from the centre of the city is Stanley Park—a natural park of a thousand acres, world-famed for its large trees and containing many points of interest—the Zoo, Siwash Rock, Shakespeare's Gardens, Pauline Johnson's grave and monument, the Seven Sisters, etc. A splendid motor road nine miles in length encircles the park, and some fifty miles of trails offer opportunity for delightful rambling. During the summer months band concerts are given every Sunday in this park.

At different points throughout the city are twenty-three smaller parks, containing tennis courts, ballgrounds, bowling greens and gardens. From one of these parks, Little Mountain, one can obtain a splendid panoramic view of the city and the low-lying lands of the Fraser Valley.

At Central and Hastings Parks are motor camping grounds, with every facility for the convenience of motorists. Thousands of autoists last year took advantage of this accommodation.

Right in the heart of the city, too, are splendid bathing beaches, which are the daily resort of thousands of people in the summer time. An open air vaudeville performance is given at English Bay during the summer months.

Radiating from the centre of the city are many splendid motor drives Marine Drive, twenty miles in

length, passes along the shore line of the Gulf of Georgia, English Bay and through the suburbs of Point Grey, North Vancouver and West Vancouver. Marine Drive, part of the Georgian circuit, is also a link of the Pacific Highway and this gives a continuous automobile road direct to San Francisco.

Across Burrard Inlet.

Across the Inlet, within easy access of North Vancouver, are Lynn and Seymour creeks and Capilano Canyon. These mountain rivers, unsurpassed in beauty and grandeur, are the source of Vancouver's water supply. At one or two points, suspension bridges have been built across the roaring waters. One of these bridges is 450 feet in length and 200 feet in height. Gardens containing flowers and plants brought from mountainous districts the world over, are to be seen here.

For cruising, the land-locked waters of Howe Sound and Burrard Inlet offer many advantages. Within a few hours' ride from Vancouver are the summer resorts of Bowen Island, Wigwam Inn, Horseshoe Bay, Selma Park, Seaside Park, Squamish, Sechelt, etc. During the summer months, steamers run daily to these points and many special excursion trips are also given.

Recreation.

In the way of recreation Vancouver is well provided. Golf, football, hockey and bowling are enjoyed throughout the year. A splendid rink of artificial ice provides much enjoyment and hockey matches take place here every week during the skating season. In addition to our many theatres, three large play-houses have recently been completed, and these provide much diversity of entertainment. It is proposed to build indoor salt water swimming baths in the near future.

Vancouver is not only a commercial and industrial centre, but a desirable residential city as well. In the past it has established a record for commercial and industrial growth and in the future greater prosperity and advancement will attend this metropolis of British Columbia.

J. R. DAVIDSON,
Publicity Commissioner.

Hydro-Electric Power for Industries

ELECTRICAL POWER, ample in quantity, is essential to the growth of any community. Industrially, neither Vancouver nor any other city can progress without plenty of electric power.

The British Columbia Electric Railway Company, realizing the trust placed in it to provide electric power, is already at work increasing its supply at its Stave Lake plant, anticipating any increase in demand so that industries shall be supplied.

The service of this plant will be increased to 52,000 horse power by the new unit which was recently installed there.

Other water powers can be developed immediately afterwards, totalling no less than 150,000 horse power and bringing our total mainland capacity up to 286,000 horse power, sufficient for many years to come.

DOMINION PISTONS, LIMITED

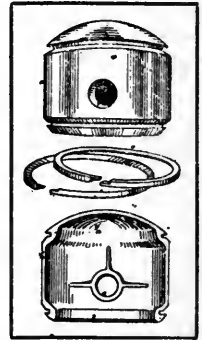

Manufacturers of

Check Valve Pistons.

(JOHNSTON'S PATENT)

The advantages that the Johnston Check Valve Piston has over all other Pistons are many, and no engine can give complete efficiency without them.

Your motor cannot function properly unless the space between piston and cylinder wall is sealed tight enough to prevent loss of compression and excess of oil entering the combustion chambers.

The JOHNSTON PISTON gives you--

**MORE POWER, CLEAN VALVES, CLEAN SPARK PLUGS
CARBON ELIMINATION 100% LESS LUBRICATION
40% to 60% GREATER GAS MILEAGE
SAVING OF BATTERY, EQUALIZED COMPRESSION
AND A PERFECT RUNNING MOTOR**

They are easily installed, any Auto Garage, or Machine Shop is able to equip your Car or Engine with them with a minimum of delay.

THE JOHNSTON PISTON IS INEXPENSIVE

—it is cheap, but that is not the reason you should use them, **they give Service**, that is what you require, and what we stand by.

Tell your Garage that you want Johnston Pistons and Rings installed in your car, they can get them for you, and will be pleased to do so, for they know all about them, besides, our experts are at the service of any garage or machine shop to offer advice without any cost.

Should you experience any difficulty, ring the Head Office, the Phone Number is Seymour 7620. We want to be of service to you.

Head Office:
Main Street
 Cor. 7th Ave.
Vancouver

Manufacturers' Association of British Columbia

ESTABLISHED 1913

(INCORPORATED)

This is the new home of the Manufacturers' Association of B.C. and will contain a complete Exhibition of B. C. Manufactured goods, Products and Natural Resources. In this building

also is the B. C. Art Gallery. Every manufacturer should have his wares exhibited in this building as it will shortly be the centre for Tourists and rural B. C. when visiting town.

The Building and Gallery are open to the public from 9 a.m. to 6 p.m. free of charge. Each week there is a demonstration by Manufacturers of their Products and on Fridays of each week tea is served in the building.

There is an "Up-to-the-Minute" dance floor and auditorium for the use of Service, Charitable and other organizations.

The building was officially opened on 1st June by his Honor the Lieut.-Governor, and is well worth a visit by all parties interested in our natural resources and manufactures.

Cordial invitation is extended to every resident in B. C. to visit us.

40% GAIN

Big Increase in The World Circulation

No daily paper in Canada can equal the circulation progress of The Vancouver Daily World during the past few months.

The city and suburban net paid figures for the A B C six months' period ending March 31st **show an increase of 30.7 PER CENT. over the record for the previous year.**

The same figures for the last three months show **an increase of 40 PER CENT. over last year's record.** The present total city and country circulation shows **a gain over all of 30 per cent.**

What is the reason for this remarkable showing? The World is a better paper today than ever before in its history. We believe, and our readers encourage the belief, that with its enlarged size, improved news services, bright features and timely illustrations, **it is now the best paper in British Columbia.**

The World's service of world news is adequate and accurate. It does not depend for this upon American agencies or the by-product of American newspapers. **It gets British news by its own direct British cable service, written and sent by British and Canadian reporters for British and Canadian readers.**

The World's new Radio Telephone system—like its other features—is the best of its kind. This is the newest miracle of science for human benefit and entertainment.

If you are a reader of The World, you don't miss much. The people of British Columbia are finding this out.

The Vancouver
Daily  **World**

"Outdoor Life All Year Round in Vancouver"

THE GROSVENOR is the most popular residential hotel in Vancouver—Canada's fourth city. It is situated on Howe street one block west of Granville—the elite shopping and theatre section. It is two minutes from the heart of the beautiful West End, and five minutes from Stanley Park, English Bay and the beaches.

One hundred and eighty-five—all outside rooms—all pleasant, comfortably and tastefully furnished. The ladies' parlors and public rooms suggest comfort and refinement.

Tourists and travellers are invited to inspect the hotel. If you are not satisfied we will drive you to any other hotel in the city without expense.

HEAVY WRAPPING PAPERS

When you buy paper for packing merchandise or furniture specify these good Western Canadian products.

You'll find them tough, easy to handle and not expensive.

For any kind of work you have in hand, we have a paper to meet that particular need.
